REPORT ON OPERATIONS

INTRODUCTION

This periodic financial information as at 30 September 2026 (hereinafter "Periodic Financial Information as at 30 September 2026") was approved by the Board of Directors of the Company on 12 November 2026 and has not been audited, as it is not required by current regulations. Sanlorenzo S.p.A., as a company listed on Euronext STAR Milan segment of the Italian Stock Exchange, is subject to the provisions of Article 2.2.3 of the Stock Exchange Regulations. On the basis of such regulations, the Company has prepared the Periodic Financial Information as at 30 September 2026, which it makes available to the public.
This report on operations must be read together with the condensed consolidated financial statements and the related notes.

GROUP ACTIVITIES

The Group is a global operator leader in the luxury yachting industry, specialised in the design, production and sale of made-to-measure yachts, superyachts, motor sport utility yachts, sailing yachts, fitted out and customised according to the needs and desires of exclusive customers.
The Group offers the following main product ranges:

- Yacht: composite motor yachts of a length between 24 metres and 41 metres, with the Sanlorenzo brand;
- Superyacht: aluminium and steel motor superyachts with a length between 44 metres and 74 metres, with the Sanlorenzo brand;
- Bluegame: composite motor sport utility yachts between 13 metres and 26 metres long, with the Bluegame brand;
- Nautor Swan: carbon fibre, composite and aluminium sailing yachts and composite motor yachts, between 9 metres and 44 metres long, with the Swan brand.

The sale of yachts is carried out both directly (through Sanlorenzo, other Group companies or intermediaries) and through brand representatives, each of which operates in one or more assigned regional zones.
The Group also offers an exclusive range of services dedicated only to Sanlorenzo, Bluegame and Swan customers, including training at the Sanlorenzo Academy for crew members, as well as maintenance, restyling and refitting, in addition to charter services.
In the first nine months of 2026, the Group further strengthened its international positioning through a comprehensive strategy that integrates commercial development, brand evolution and cultural leadership. This strategy was underpinned by a widespread presence in the main reference markets and participation in the most important international boat shows. At the start of the year, participation in the Boot Düsseldorf represented a strategic moment for the Group's visibility in the European market, its main geographical area. On this occasion, Sanlorenzo, Bluegame and Nautor Swan respectively presented the SD90 yacht, the BGX83 model in World Première and the new Swan 51 in an electric version, confirming the constant drive for innovation that characterises the Group's brands. Subsequently, the presence at the Miami International Boat Show, with one of the most significant exhibitions in recent years and a representative fleet of the SL and SX lines, further consolidated the positioning of Sanlorenzo in the American market. At the same time, the strengthening of the direct presence in key markets was achieved with the opening of the first showroom in London, in the Mayfair district, a global luxury hub.
During the spring, the Group continued its commercial growth trajectory by participating in the Palma de Mallorca Boat Show, where Bluegame presented the new BGF45 for the first time. This model subsequently received a Highly Commended at the Motor Boat Awards in the "Sportscruisers over 45ft" category and the Foiling Awards in the "Production Motor Boat" category, confirming the international acclaim for the design solutions developed by the brand. With the aim of offering an exclusive experience

to its customers and prospects, on the last weekend of May, Bluegame organised the "Bluegame Open House" event at the port of Rapallo, during which the entire range was exhibited, with the new flagship BGX83 leading the fleet. All the boats were made available for private visits and sea trials, offering an important opportunity to meet, learn more about and engage with the brand.
In parallel with its commercial development, the Group continued to invest in the evolution of its product ranges. The month of June was a particularly significant time for both Sanlorenzo and Nautor Swan. On the one hand, Sanlorenzo unveiled the new SL80A, a model designed to expand the shipyard's historic planing range and introduce the language of asymmetrical architecture to a new market segment. Meanwhile, Nautor Swan celebrated its 60th anniversary in Pietarsaari, bringing together employees, institutions and stakeholders to pay tribute to a history of excellence, innovation and a passion for sailing. The celebrations were made even more significant by the return to the water of Tarantella, the first boat built by the shipyard, which took centre stage on a celebratory tour of some of the most prestigious international sailing events.
The summer saw further development of the product range. In July, SHE, acronym for Sanlorenzo Heritage and ambassador of the *Tomorrow's Timeless philosophy,* was launched for the first time in Ameglia, ahead of its international debut. The yacht, characterised by classic lines and a highly technological soul, is a tribute to Italian yachting tradition reinterpreted through a contemporary vision. At the same time, the unveiling of the second 74Steel Virtuosity confirmed the ability of Sanlorenzo to develop highly customised solutions through an advanced co-creation process with the owner.
In the second half of the year, the Group continued to have a presence at the main international events in the sector. At the Cannes Yachting Festival, Sanlorenzo presented the world première of SHE, a contemporary reinterpretation of Italian yachting tradition that combines classic lines with cutting-edge technological solutions. At the same event, Bluegame launched the new BG64 in World Première, a model that completes the BG range by bringing the brand's distinctive design philosophy to the 64-foot segment. Thanks to this launch, Bluegame entered the boat show season with the most comprehensive portfolio in its history, ranging from 42 to 83 feet.
September was also a particularly busy month for Nautor Swan. In addition to the digital launch of the Swan Alloy 44, the brand's first aluminium yacht, the shipyard strengthened its international presence through major boat shows and a busy regatta schedule. The Swan 80 and Swan 58 were unveiled in Cannes, while the star of the Monaco Yacht Show was the Swan 128 Raijin, equipped with dual-energy technology. The brand's presence then continued in Southampton, Newport and Annapolis, helping to consolidate its visibility in strategic markets.
Also in September, the Rolex Swan Cup, organised in partnership with Rolex and the Yacht Club Costa Smeralda, celebrated the brand's 60th anniversary with a record-breaking edition that attracted 170 registered Swan yachts, confirming its status as the largest single-brand event on the global sailing scene and testifying to the extraordinary strength of the international Swan community.
The Monaco Yacht Show was also one of the most significant events of the year for Sanlorenzo. The presence of the 74Steel Silver Fox, the largest yacht ever built by the shipyard, and the 58Steel Perla Lunar with diesel-electric propulsion highlighted the excellence achieved in the high-end superyacht segment. On the occasion of the event, Sanlorenzo also organised, in partnership with Vogue Business, a meeting for the press and key opinion leaders to explore the evolution of the concept of contemporary luxury and the new expectations of international clients.
In parallel with commercial and product development, 2026 marked a significant evolution in the positioning of the Sanlorenzo brand. With the launch of the *Tomorrow's Timeless* strategy, accompanied by a new visual identity, a refreshed client experience and an international multi-channel campaign, the Maison has reinforced its long-term vision.
On the cultural front, participation in Milan Design Week with the UN_Material installation, the WAVES exhibition at Casa Sanlorenzo during the Venice Biennale and the activities linked to the tenth anniversary of Sanlorenzo Arts have further consolidated the brand's role as a key player in the dialogue between art, design, innovation and sustainability.
Also within this framework were the participation in the Venice Climate Week and the launch of the Venice Call for Maritime Action, initiatives that helped strengthen the role of Sanlorenzo as an authoritative voice

in the debate on the sustainable transition of the nautical sector. Bluegame, on the other hand, reaffirmed its commitment to environmental issues by renewing its partnership with the Blue Marine Foundation.
From 1 September, Casa Sanlorenzo became one of the main exhibition venues for Homo Faber in Città, a project promoted by the Michelangelo Foundation for Creativity and Craftsmanship and dedicated to contemporary manufacturing excellence. To round off the year's cultural programme, on 29 October, Sanlorenzo Arts and the Sanlorenzo Foundation presented a photographic exhibition by Roselena Ramistella dedicated to the communities of Italy's lesser-known islands, a project aimed at encouraging reflection on the relationship between the sea, cultural identity and social sustainability.
Overall, the initiatives implemented in 2026 confirm an integrated growth model that combines commercial expansion, geographic presence, product innovation, the enhancement of the brand's cultural value, and a commitment to sustainability, all of which contribute to consolidating the Group's leadership in the most exclusive segments of the yachting and high-end sailing sectors.

MAIN ALTERNATIVE PERFORMANCE INDICATORS

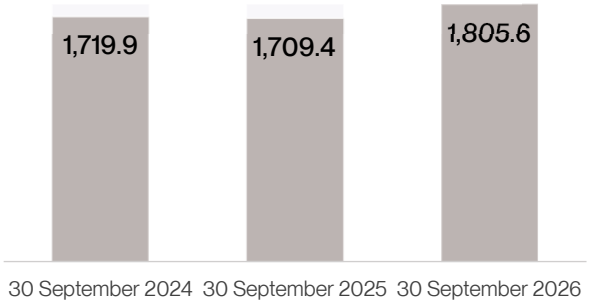

In order to allow a better evaluation of its operating performance, Sanlorenzo Group uses some alternative performance indicators.
The indicators represented are not identified as accounting measures by the IFRS and, therefore, must not be considered alternative measures to those provided by the financial statements for assessing the Group's economic performance and the relevant financial position. The Group believes that the financial information reported below is an important additional parameter for evaluating its performance, allowing its economic and financial performance to be monitored in more detail. Since these financial data do not constitute measures that can be determined through the reference accounting standards for the preparation of the consolidated financial statements, the method applied for the associated calculation may not be consistent with the one adopted by other groups and, therefore these data may not be comparable with those presented by said groups.
These alternative performance indicators, calculated in compliance with the Guidelines on Alternative Performance Indicators issued by ESMA/2015/1415 and adopted by Consob in its communication no. 92543 of 3 December 2015, refer solely to the performance of the period forming the object of this financial report and the periods being compared and not to the Group's expected performance.
The following table shows the definitions of the APIs relevant to the Group and the relative items in the financial statements adopted.

BACKLOG	It is calculated as the sum of the value of the orders and sales contracts signed with customers or brand representatives relating to yachts for delivery or delivered in the current financial year or for delivery in subsequent financial years. For each period, the value of the orders and contracts included in the backlog refers to the relative share of the residual value from 1 January of the year in question until the delivery date. The backlog related to the revenues acquired during the year is conventionally cleared on 31 December.
NET REVENUES NEW YACHTS	They are calculated as the algebraic sum of revenues from contracts with customers relating to the sale of new yachts (accounted for over time with the "cost-to-cost" method) and pre-owned yachts, net of selling expenses related to commissions and trade-in costs of pre-owned boats.
EBITDA	It is the Operating result (EBIT) before amortisation/depreciation.
EBITDA MARGIN	Indicates the ratio of EBITDA to Net Revenues New Yachts;
ADJUSTED EBITDA	It is the Operating result (EBIT) before amortisation/depreciation adjusted for non-recurring items.
ADJUSTED EBITDA MARGIN	It is the ratio of Adjusted EBITDA to Net Revenues New Yachts.
NET FIXED CAPITAL	It is calculated as the sum of goodwill, intangible assets, property, plant and equipment and net deferred tax assets, net of the corresponding non-current provisions.
NET WORKING CAPITAL	It is calculated as the sum of trade receivables, contract assets, inventories and other current assets, net of trade payables, contract liabilities, provisions for current risks and charges and other current liabilities.
NET TRADE WORKING CAPITAL	It is calculated as the sum of trade receivables, contract assets and inventories, net of trade payables and contract liabilities.
NET INVESTED CAPITAL	It is calculated as the sum of net fixed capital and net working capital.
INVESTMENTS	They refer to increases in property, plant and equipment and intangible assets, net of the carrying amount of related disposals.

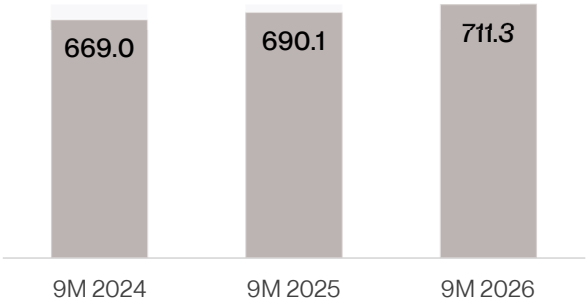

NET FINANCIAL POSITION	It is calculated on the basis of guidelines issued by ESMA and reported in ESMA document 32-382-1138 of 4 March 2021 (Consob Warning Notice no. 5/21 for Consob Communication DEM/6064293, 28 July 2006), as the sum of liquidity (including cash equivalents and other current financial assets), net of current and non-current financial liabilities, including the fair value of hedging derivatives. If positive, it indicates a net cash position.

BACKLOG PERFORMANCE

(€'000)	30 September		Change	
	2026	2025	2026 vs. 2025	2026 vs. 2025%
Gross backlog	**1,805,607**	**1,709,449**	**96,158**	**+5.6%**
of which current year	924,451	884,148	40,303	+4.6%
of which subsequent years	881,156	825,301	55,855	+6.8%
Net Revenues New Yachts for the period	711,316	690,137	21,179	+3.1%
Net backlog	**1,094,291**	**1,019,312**	**74,979**	**+7.4%**
of which current year	213,135	194,011	19,124	+9.9%
of which subsequent years	881,156	825,301	55,855	+6.8%

Gross backlog as at 30 September 2026 was Euro 1,805,607 thousand, an increase of Euro 96,158 thousand compared to Euro 1,709,449 thousand as at 30 September 2025.
A high level of visibility on future revenues is confirmed both for FY 2026, with a backlog of Euro 924,451 thousand and a coverage level as at 30 September 2026 of the mid-point of the Guidance 2026 Net Revenues New Yachts equal to 92%, and for subsequent years, with an overall backlog of Euro 881,156 thousand.
The level of visibility on future revenues is further strengthened by the high quality of the backlog, 89% of which has already been sold to final clients.

NET REVENUES NEW YACHTS

(€'000)	Nine months ended 30 September		Change	
	2026	2025	2026 vs. 2025	2026 vs. 2025%
Revenues from the sale of boats	778,745	743,421	35,324	+4.8%
Selling expenses	(67,429)	(53,284)	(14,145)	+26.5%
Net Revenues New Yachts	**711,316**	**690,137**	**21,179**	**+3.1%**

Net Revenues New Yachts in the first nine months of 2026 were Euro 711,316 thousand, a 3.1% increase on the Euro 690,137 thousand recorded in the same period of 2025, led by the excellent performance of the Superyacht Division.

[8] (Profit)/loss.

Net Revenues New Yachts by division

(€ 000)	Nine months ended 30 September				Change	
	2026	% of total	2025	% of total	2026 vs. 2025	2026 vs. 2025%
Yacht Division	359,531	50.5%	345,076	50.0%	14,455	+4.2%
Superyacht Division	226,016	31.8%	207,596	30.1%	18,420	+8.9%
Bluegame Division	66,361	9.3%	65,404	9.5%	957	+1.5%
Nautor Swan Division	59,408	8.4%	72,061	10.4%	(12,653)	-17.6%
Net Revenues New Yachts	**711,316**	**100.0%**	**690,137**	**100.0%**	**21,179**	**+3.1%**

The Yacht Division generated Net Revenues New Yachts of Euro 359,531 thousand, equal to 50.5% of the total, up 4.2% compared to the same period of the previous year.
The Superyacht Division generated Net Revenues New Yachts of Euro 226,016 thousand, equal to 31.8% of the total, up 8.9% compared to the same period of the previous year, supported by dynamic demand despite extended waiting lists for available delivery slots.
The Bluegame Division recorded Net Revenues New Yachts of Euro 66,361 thousand, accounting for 9.3% of the total. The result remains solid and in line with that of the previous year within a more challenging market context, particularly in the segment below 24 metres.
The Nautor Swan Division recorded Net Revenues New Yachts of Euro 59,408 thousand in the first nine months of 2026, equal to 8.4% of the total, down 17.6% compared to the previous year due to the trend in the sailing boat market.

Net Revenues New Yachts by geographical area

Americas	188,722	26.5%	140,309	20.3%	48,413	+34.5%
APAC	108,894	15.3%	69,154	10.0%	39,740	+57.5%
MEA	47,595	6.7%	42,141	6.1%	5,454	+12.9%
Net Revenues New Yachts	**711,316**	**100.0%**	**690,137**	**100.0%**	**21,179**	**+3.1%**

Europe is confirmed as the Group's main market, accounting for 51.5% of the total, with Net Revenues New Yachts of Euro 366,105 thousand (of which Euro 77,915 thousand generated in Italy), down 16.5% compared to the figure of the previous year.
The Americas generated Net Revenues New Yachts of Euro 188,722 thousand, accounting for 26.5% of the total, up 34.5% compared to the first nine months of 2025, supported by further penetration into new markets in Central and South America.
The APAC area recorded Net Revenues New Yachts of Euro 108,894 thousand, accounting for 15.3% of the total, up by 57.5% compared to the first nine months of 2025 thanks to the structural advantage deriving from the Simpson Marine direct distribution platform, which ensures greater control of the relation with the end customer, as well as the possibility of extending the presence in new markets in the area.
The MEA area recorded Net Revenues New Yachts of Euro 47,595 thousand, accounting for 6.7% of the total, up 12.9% compared to the first nine months of 2025.
The new geographical breakdown of Net Revenues New Yachts reflects a better balance in favour of the Americas and APAC regions, in line with the 2026-2028 business plan.

OPERATING RESULTS

(€'000)	Nine months ended 30 September				Change	
	2026	% Net Revenues New Yachts	2025	% Net Revenues New Yachts	2026 vs. 2025	2026 vs. 2025%
EBIT	**99,384**	**14.0%**	**97,626**	**14.1%**	**1,758**	**+1.8%**
+ Amortisation/depreciation	31,852	4.5%	30,358	4.4%	1,494	+4.9%
EBITDA	**131,236**	**18.4%**	**127,984**	**18.5%**	**3,252**	**+2.5%**
+ Non-recurring costs	1,889	0.3%	1,224	0.2%	665	+54.3%
Adjusted EBITDA	**133,125**	**18.7%**	**129,208**	**18.7%**	**3,917**	**+3.0%**

EBITDA stood at Euro 131,236 thousand, up by 2.5% on the first nine months of 2025, with an incidence of 18.4% on Net Revenues New Yachts, reflecting the Group's pricing power, the success of the models launched and its operational efficiency.
Depreciation and amortisation, amounting to Euro 31,852 thousand, increased by 4.9% compared to the first nine months of 2025, in line with the investments made and the Group's growth.
EBIT totalled Euro 99,384 thousand, up 1.8% compared to the first nine months of 2025, with a margin of 14.0% on Net Revenues New Yachts.

NET PROFIT

(€'000)	Nine months ended 30 September				Change	
	2026	% Net Revenues New Yachts	2025	% Net Revenues New Yachts	2026 vs. 2025	2026 vs. 2025%
EBIT	**99,384**	**14.0%**	**97,626**	**14.1%**	**1,758**	**+1.8%**
Net financial income/(expense)	(1,455)	(0.2)%	(2,235)	(0.3)%	780	-34.9%
Adjustments to financial assets	379	0.1%	(173)	-	552	n.a.
Pre-tax profit	**98,308**	**13.8%**	**95,218**	**13.8%**	**3,090**	**+3.2%**
Income taxes	(17,102)	(2.4)%	(18,705)	(2.7)%	1,603	-8.6%
Net profit	**81,206**	**11.4%**	**76,513**	**11.1%**	**4,693**	**+6.1%**
Net (profit)/loss attributable to non-controlling interests[9]	(2,156)	(0.3)%	(572)	(0.1)%	(1,584)	n.a.
Group net profit	**79,050**	**11.1%**	**75,941**	**11.0%**	**3,109**	**+4.1%**

Net financial expenses amounted to Euro 1,455 thousand, an improvement due to higher cash flow compared to the first nine months of the previous year.
Profit before tax for the period amounted to Euro 98,308 thousand, an increase of Euro 3,090 thousand compared to the first nine months of 2025, with an incidence on Net Revenues New Yachts of 13.8%, in line with the figure recorded in the same period of 2025.
Income taxes, estimated based on management's best assessment, amounted to Euro 17,102 thousand, compared to Euro 18,705 thousand in the first nine months of 2025. The effective tax rate of 17.4% reflects the recognition of a portion of the patent box tax benefit, calculated using the same criteria as in the comparative period.
The Group net profit for the period amounted to Euro 79,050 thousand, with an increase of Euro 3,109 thousand compared to the same period of 2025, with an impact on revenues in line with expectations.

[9] (Profit)/loss.

Inventories	**181,497**	**178,293**	**188,438**	**3,204**	**(6,941)**

Inventories at 30 September 2026 were equal to Euro 181,497 thousand, up by Euro 3,204 thousand compared to 31 December 2025 and down by Euro 6,941 thousand compared to 30 September 2025.
Work in progress and semi-finished products refer to those orders whose contract with the customer has not yet been finalized at the close of the period. The value of these inventories has decreased compared to the figure as at 30 September 2025 and reflects the growth in order intake during the period.
Inventories of finished products as at 30 September 2026 were Euro 43,028 thousand, a decrease of Euro 7,451 thousand compared to 31 December 2025. They refer to pre-owned boats in the amount of Euro 42,244 thousand and new boats on delivery in the amount of Euro 784 thousand. Pre-owned boats

include yachts already sold at the closing date of the period and to be delivered in the following months for a value of Euro 16,628 thousand, in line with their inventory valuation as at 30 September 2026.

M	**Total financial indebtedness (H+L)**	**55,976**	**20,098**	**(13,971)**	**35,878**	**69,947**

The net financial position of the Group as at 30 September 2026 shows a net cash equal to Euro 55,976 thousand compared to a net cash equal to Euro 20,098 thousand at 31 December 2025 and a net debt of Euro 13,971 thousand at 30 September 2025.
The evolution of the net financial position in the first nine months of 2026 shows cash generation due to the excellent operating cash flow of Euro 102,516 thousand, partially offset by investments of Euro 27,607 thousand. Free Cash Flow as at 30 September 2026 amounted to Euro 77,227 thousand, a significant increase compared to the same period of the previous year, reflecting the rise in order intake.
Cash and cash equivalents as at 30 September 2026 amounted to Euro 169,333 thousand, an increase of Euro 20,277 thousand compared to 31 December 2025, and of Euro 43,057 thousand compared to 30 September 2025. As at 30 September 2026, the Group held Euro 40,414 thousand in other current financial assets, mainly relating to liquidity investments aimed at optimising financial income and expenses. In addition, the Group has access to bank credit facilities to meet cash requirements amounting to Euro 209,800 thousand, of which Euro 170,829 thousand were undrawn as at the reporting date.
Among financial debt, lease liabilities, included pursuant to IFRS 16, amounted to Euro 24,655 thousand, of which Euro 19,303 thousand were non-current and Euro 5,352 thousand were current.

EQUITY

(€'000)	30 September 2026	31 December 2025
Share capital	35,742	35,640
Reserves	446,447	375,080
Group profit	79,050	107,421
Group equity	**561,239**	**518,141**
Equity attributable to non-controlling interests	7,553	5,766
Equity	**568,792**	**523,907**

The Parent Company's share capital as at 30 September 2026 amounts to Euro 35,742 thousand, fully paid-in, and is composed of 35,741,745 ordinary shares. Share capital increased by 101,549 shares compared to 31 December 2025, due to the subscription of the capital increase to service the 2020 Stock Option Plan.

On 21 April 2020, the Extraordinary Shareholders' Meeting of Sanlorenzo had in fact approved a divisible share capital increase, excluding option rights, pursuant to Article 2441, paragraph 8 of the Italian Civil Code, of a maximum nominal value of Euro 884,615, to be executed no later than 30 June 2029, through the issue of a maximum number of 884,615 ordinary shares destined exclusively and irrevocably to service the 2020 Stock Option Plan. As at 30 September 2026, this capital increase had been partially subscribed for 821,256 shares.

On 24 April 2026, the Ordinary Shareholders' Meeting approved a new authorisation to purchase and dispose of the Company's treasury shares, pursuant to Articles 2357 and 2357-ter of the Civil Code and Article 132 of the Consolidated Law on Finance (TUF), simultaneously revoking the previous authorisation

approved by the Ordinary Shareholders' Meeting of 29 April 2025, in order to provide the Company with a sole meeting authorisation.
The authorisation was granted for the purchase, in one or more tranches, of ordinary shares, up to a maximum of 3,565,394 shares, corresponding to 10% of the share capital, for a period of 12 months and 6 days from the date of the relevant authorising resolution by the Meeting, and therefore until 30 April 2027.
The authorisation to dispose of treasury shares has been resolved without time limits.
As at 30 September 2026, the Company held no. 272,794 treasury shares, equal to 0.76% of the subscribed and paid-in share capital.

MAIN RISKS AND UNCERTAINTIES TO WHICH THE GROUP IS EXPOSED

The Group's activities are exposed to a series of risks and uncertainties that may impact its financial position, operating results, and cash flows, which are summarily presented below.
Taking into account the current geopolitical and macroeconomic context, the Group has carried out the appropriate assessments and, as at the date of preparation of this periodic financial information, there are no significant updates to the assessments already set out in the Annual Financial Report as at 31 December 2025 and in the Half-Yearly Financial Report as at 30 June 2026, to which reference is made for further details on the risks to which the Group is exposed.

Market and operating risks

The Group is exposed to risks linked to the general or specific macroeconomic scenario of the sector in which it conducts business, operational risks connected to relations with suppliers, contractors and brand representatives, uncertainties linked to extraordinary events that may trigger interruptions in the activities of production shipyards and risks related to the evolution of the reference regulatory framework.

Financial risks

The Group is exposed to credit risk deriving from commercial transactions, liquidity risk and risks linked to disputes and tax assessments. Furthermore, the Group is exposed to fluctuations in interest rates on its variable rate debt instruments and fluctuations in exchange rates, primarily on sales of yachts in US dollars, and hedges such exposures with derivative instruments.

Climate risks

The Group is exposed to potential climate risks and implements a series of measures to strategically and preventively consider these risks; national and international regulatory developments are regularly monitored in order to be able to respond in a timely manner to new legislative requirements, and the Group constantly adapts its product offering to the demands and needs of its clients.

OTHER INFORMATION

The Company is not subject to management and coordination activities pursuant to Articles 2497 et seq. of the Italian Civil Code, as the presumption set forth in Article 2497-sexies of the Italian Civil Code does not apply.
On 24 April 2026, the Ordinary Shareholders' Meeting approved a new authorisation to purchase and dispose of the Company's treasury shares, pursuant to Articles 2357 and 2357-ter of the Civil Code and Article 132 of the Consolidated Law on Finance (TUF), simultaneously revoking the previous authorisation approved by the Ordinary Shareholders' Meeting of 29 April 2025, in order to provide the Company with a sole meeting authorisation. The authorisation was granted for the purchase, in one or more tranches, of ordinary shares, up to a maximum of 3,565,394 shares, corresponding to 10% of the share capital, for a period of 12 months and 6 days from the date of the relevant authorising resolution by the Meeting, and therefore until 30 April 2027. The authorisation to dispose of treasury shares has been resolved without time limits.
As at 30 September 2026, the Company held no. 272,794 treasury shares, equal to 0.76% of the subscribed and paid-in share capital.

SIGNIFICANT EVENTS OCCURRING DURING THE PERIOD

Change in shareholding structure through Ocean

On 16 March 2026, the majority shareholder, Holding Happy Life ("HHL"), which is wholly owned by the Perotti family and controlled by Cav. Lav. Massimo Perotti, transferred to Ocean S.r.l. ("Ocean"), already holder of 5.441% of the Sanlorenzo share capital (1,940,000 Sanlorenzo shares), more than half of the Sanlorenzo share capital (17,902,553 Sanlorenzo shares, of which 17,267,553 have increased voting rights and 635,000 do not). As a result of the transfer, Ocean became the holder of 55.653% of the Sanlorenzo share capital, equivalent to 67.631% of the voting rights in Sanlorenzo (19,842,553 Sanlorenzo shares, including 17,267,553 shares with increased voting rights). HHL thus became the controlling shareholder of Ocean, holding 90.223% of the share capital. Therefore, HHL controls a total of 61.118% of the Sanlorenzo share capital and 74.734% of its voting rights, both directly and indirectly, as it continues to directly hold the remaining 1,948,552 Sanlorenzo shares with multiple voting rights, representing 5.465% of the share capital.
There is no change in the ultimate controlling shareholder of Sanlorenzo, which remains Cav. Lav. Massimo Perotti, who will therefore continue to be the person holding a controlling interest in Sanlorenzo.

Acquisition of a business unit from Mast Italia S.r.l.

On 1 April 2026, Sanlorenzo S.p.A. acquired a business unit from Mast Italia S.r.l., mainly comprising an industrial building located in Viareggio near the Company's shipyards, as well as plant and equipment and a 1.26% shareholding in the company Polo Nautico Viareggio S.r.l., for a total amount of about Euro 2.1 million, in addition to ancillary expenses. As a result of the aforementioned transaction, the Sanlorenzo shareholding in Polo Nautico is currently 53.58%.
These acquisitions made it possible to increase the production capacity serving the Yacht Division, consolidating Sanlorenzo's presence within the Polo Nautico Viareggio S.r.l. complex, a company that was originally set up in the legal form of a limited liability consortium, whose mission it has maintained, continuing to provide services mainly to its shareholders.

Approval of the plan for the merger by incorporation of PN Sviluppo S.r.l. into Bluegame S.r.l.

On 15 April 2026, the Boards of Directors of PN Sviluppo S.r.l. and Bluegame S.r.l. approved the plan for the merger of PN Sviluppo S.r.l. into Bluegame S.r.l., with retroactive accounting and fiscal effect to 1 January 2026, with the aim of simplifying and streamlining the structure. On 29 April 2026, the Shareholders' Meetings of both companies approved the aforementioned merger by incorporation, which was followed by the deed of merger on 10 June 2026.

Ordinary and Extraordinary Shareholders' Meeting

On 24 April 2026, the Ordinary and Extraordinary Shareholders' Meeting of Sanlorenzo S.p.A. was held on first call, adopting the following main resolutions.
In the ordinary session, the Shareholders' Meeting:

- approved the annual financial statements as at 31 December 2025 and the proposal for the allocation of profit which made provision, inter alia, for the distribution of a dividend of Euro 1.05 per share, with payment as of 20 May 2026;
- approved the "First part" of the Remuneration Report, concerning the remuneration policy for the members of the administrative bodies, general managers and managers with strategic responsibilities, and expressed a favourable opinion on the "Second part" of the report;

- approved the “Performance Shares Plan 2026”;
- approved the “Second Simpson Marine Plan”;
- revoked the authorisation for the share buy-back resolved by the Ordinary Shareholders’ Meeting of 29 April 2025 and approved the authorisation to purchase and dispose of treasury shares.

The Consolidated Financial Statements and the Consolidated Sustainability Report for the year 2025, contained in the Annual Report 2025, were also presented to the Meeting.

Sanlorenzo announces the signing of a strategic partnership with BYD Energy Storage

On 29 June 2026, Sanlorenzo announced the signing of a strategic partnership with BYD Energy Storage, a global leader in energy storage technologies, to accelerate the development of next-generation sustainable yachting solutions. The partnership initiates a long-term strategic collaboration, with an ongoing research and development programme dedicated to assessing how advanced energy storage technologies can foster a new generation of quieter, lower-impact and more intelligently managed yachts. The collaboration sees BYD Energy Storage as the Sanlorenzo Technology Supplier and Official Battery Supplier, reinforcing the Road to 2030 path and confirming the company's commitment to driving sustainable innovation in the luxury yachting sector.

Expression of interest and offer for the acquisition of the entire business complex of The Italian Sea Group

On 27 July 2026, Sanlorenzo S.p.A. announced that Riccardo Cima had submitted, in the name and on behalf of the promoters of the company to be incorporated under Italian law, Polo Nautico Carrara S.r.l. (“PNC”), an expression of interest accompanied by a secured offer (“Offer”) concerning the acquisition of the entire business complex owned by The Italian Sea Group S.p.A. (“TISG”). The Offer also contains a commitment to participate in the competitive procedure that may be called for the related sale.
PNC will be a company with consortium functions, promoted with the aim of safeguarding employment levels, promoting the resumption of industrial activities, supporting the production chain and preserving the areas and facilities in the region necessary for carrying out shipbuilding activities, including refitting, hauling and launching. In this context, Sanlorenzo confirmed its interest in acquiring a stake in PNC.
On 10 August 2026, TISG advisers launched a competitive tender process governed by a specific process letter.
Consequently, on 15 September 2026, Riccardo Cima, on behalf of PNC, submitted a further non-binding offer in accordance with the same process letter.
On 22 September 2026, TISG advisers issued a new *process letter* to govern the subsequent tender phase, which provides for the submission of binding offers by 19 October 2026.

Dissolution of the company Simpson Marine (Sanya) Co. LTD

On 31 July 2026, in line with the rationalisation process of the Simpson Marine Group undertaken in previous years, the company Simpson Marine (Sanya) Co. LTD was formally dissolved.

Approval of the plan for the merger by incorporation of Sanlorenzo Arbatax S.r.l. into Sanlorenzo S.p.A.

On 3 September 2026, the Boards of Directors of Sanlorenzo Arbatax S.r.l. and Sanlorenzo S.p.A. approved the plan for the merger by incorporation of Sanlorenzo Arbatax S.r.l. into Sanlorenzo S.p.A., with accounting and fiscal effect from 1 January 2027.

Change in the shareholding in Simpson Marine Limited

On 28 September 2026, pursuant to the Second Simpson Marine Plan approved by the Ordinary Shareholders' Meeting on 24 April 2026, 5,722 shares in Simpson Marine Limited were transferred to a manager of the same company. As a result of the above transaction, Sanlorenzo S.p.A.'s current shareholding in Simpson Marine Limited amounts to 80%.

SIGNIFICANT EVENTS AFTER THE CLOSE OF THE PERIOD

Establishment of the company Polo Nautico Carrara S.r.l.

On 15 October 2026, the company Polo Nautico Carrara S.r.l. ("PNC") was incorporated, with a share capital of Euro 100 thousand, 50% owned by Sanlorenzo S.p.A. and 50% by Polo Nautico Viareggio S.r.l.

Submission of a binding offer for the acquisition of The Italian Sea Group's "Cantiere di La Spezia" business unit.

On 19 October 2026, Sanlorenzo S.p.A. announced that Polo Nautico Carrara S.r.l. ("PNC") had submitted, as part of the competitive process relating to The Italian Sea Group S.p.A. ("TISG"), a binding offer structured as an asset deal, concerning only the "Cantiere di La Spezia" business unit.
Compared to the expression of interest announced on 27 July 2026, in light of the information and documentation available and the timing of the process, the scope of the transaction was limited to the La Spezia production facility alone, adopting a leaner shareholding structure. PNC is, in fact, jointly owned in equal shares by Sanlorenzo and Polo Nautico Viareggio S.r.l. ("PNV"), a subsidiary of Sanlorenzo.

BUSINESS OUTLOOK

The Sanlorenzo Group delivered further growth in the first nine months of 2026, with broadly stable margins and disciplined capital allocation. These results demonstrate the resilience of its business model in a complex macroeconomic and geopolitical environment. Net Revenues New Yachts amounted to €711.3 million, up 3.1% compared to the first nine months of 2025. EBITDA stood at €131.2 million (+2.5%), with a broadly stable margin of 18.4%, while Group Net Profit reached €79.1 million (+4.1%), representing 11.1% of Net Revenues New Yachts. Adjusted EBITDA amounted to €133.1 million (+3.0%), with an unchanged margin of 18.7%. The Net Financial Position as of 30 September 2026 was positive at €56.0 million, compared to €20.1 million at year-end 2025, confirming the Group's financial strength.

Commercial momentum remained positive, with Order Intake of €803.1 million in the first nine months of 2026, up 16.4% compared to the corresponding period of the previous year. Q3 Order Intake reached €306.7 million, up 13.5% compared to Q3 2025, marking the ninth consecutive quarter of year-on-year growth. Order Backlog as of 30 September 2026 stood at approximately €1,806 million, 89% of which was already sold to final clients. Of this amount, €924 million relates to 2026, representing 92% of the mid-point of the 2026 Guidance range for Net Revenues New Yachts, while €881 million relates to subsequent years. Net Backlog amounted to approximately €1,094 million, remaining above pre-Covid levels and providing strong visibility on future revenues to support production planning.

Geographically, growth continued to be supported by three of the Group's four main regions. The Americas recorded Net Revenues New Yachts of €188.7 million, up 34.5%, accounting for 26.5% of the revenue mix. APAC grew by 57.5% to €108.9 million, while MEA increased by 12.9% to €47.6 million. Against a high comparison base in the first nine months of 2025, Europe declined by 16.5% to €366.1 million, while remaining the Group's main market and accounting for 51.5% of Net Revenues New Yachts. The greater diversification of the geographic mix confirms the Group's ability to capture growth opportunities both in its established markets and in regions where yachting penetration among the UHNWI population remains lower.

The Superyacht Division led divisional growth, with Net Revenues New Yachts up 8.9% to €226.0 million, continuing the positive performance of larger yachts seen in the first half. The Yacht Division recorded Net Revenues New Yachts of €359.5 million, up 4.2%, while Bluegame grew by 1.5% to €66.4 million. The Nautor Swan Division contributed €59.4 million, compared to €72.1 million in the first nine months of 2025. Integration, product development and strengthening the Division's commercial presence remain priorities under the Business Plan.

The Group continues to implement its 2026-2028 Business Plan, "Tomorrow's Timeless", with a focus on measured growth, value over volume and preserving brand exclusivity. New product development across the motor and sailing divisions, continued improvements in operating efficiency and the strengthening of the distribution network remain the main drivers of future growth. In particular, the Group's distribution platforms – Simpson Marine in APAC, Sanlorenzo of the Americas and the Sanlorenzo MED network – support closer relationships with final clients and give the Group greater control over sales, after-sales service and the overall client experience.

Investment priorities remain aligned with this strategy. Net investments in the first nine months amounted to €29.8 million, compared to €31.4 million in the corresponding period of 2025. Of this amount, €15.3 million, representing approximately 51% of the total, was allocated to R&D, product development and the creation of models and moulds, up 6.3% year on year. A further €10.8 million was directed towards production and distribution capacity. These investments support new products and the Group's production and distribution network, in line with its disciplined approach to capital expenditure.

In light of the results for the first nine months, the strong Order Intake performance and the high level of coverage provided by the order book, the Group confirms its 2026 Guidance, with Net Revenues New Yachts expected to range from €980 million to €1,020 million, EBITDA from €180 million to €192 million, EBIT from €140 million to €147 million, and Group Net Profit from €108 million to €114 million. The Group also confirms its 2028 Business Plan targets, which call for Net Revenues New Yachts to grow at a 2025-2028 CAGR of at least 6%, an EBITDA margin of at least 19.0% and an EBIT margin of at least 14.5%. These targets are based on organic growth and exclude any contribution from potential acquisitions. The Group

continues to assess acquisition opportunities selectively; any such transactions would represent potential upside to the stated targets.

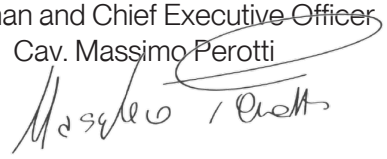

The Group considers its key competitive strengths to be its high-end positioning, controlled scarcity, distinctive made-to-measure offering, selective distribution and commitment to iconic design and sustainable innovation. Sanlorenzo, Bluegame and Nautor Swan bring together complementary motor and sailing yacht offerings, each with a distinct identity and positioning. This combination provides a strong foundation for the Group's long-term growth.

Guidance for 2026 and Outlook for 2028

(Figures in € millions and %)	2025 Actual	Guidance 2026	Outlook 2028

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

BASIS OF PREPARATION

INTRODUCTION

This Periodic Financial Information as at 30 September 2026 was approved by the Board of Directors of the Company on 12 November 2026 and has not been audited, as it is not required by current regulations. Sanlorenzo S.p.A., as a company listed on Euronext STAR Milan segment of the Italian Stock Exchange, is subject to the provisions of Article 2.2.3 of the Stock Exchange Regulations. On the basis of such regulations, the Company has prepared the Periodic Financial Information as at 30 September 2026, which it makes available to the public.

BASIS OF PREPARATION

The Periodic Financial Information as at 30 September 2026 has been prepared in accordance with the International Financial Reporting Standards (IFRS) endorsed by the European Union, including all International Accounting Standards under interpretation (International Financial Reporting Standards - IFRS) and the interpretations of the International Financial Reporting Interpretations Committee (IFRIC) and the previous Standing Interpretations Committee (SIC).
For the purposes of preparing the Periodic Financial Information as at 30 September 2026, the provisions of IAS 34 ("Interim Financial Reporting"), relating to interim financial reporting, were not adopted, considering that the Group applies this standard to half-yearly financial reports and not to quarterly information.
The accounting principles and criteria adopted for the preparation of the Periodic Financial Information as at 30 September 2026 are consistent with those used for the preparation of the consolidated financial statements as at 31 December 2025 and as at 30 June 2026, to which reference should be made for more details.
The Periodic Financial Information as at 30 September 2026 has been prepared on the basis of the accounting records of the Parent Company and its subsidiaries and associates, appropriately adjusted to conform to IFRS.
The Periodic Financial Information as at 30 September 2026 includes the consolidated statement of financial position, consolidated statement of profit or loss and other comprehensive income, consolidated statement of cash flows, and consolidated statement of changes in equity for the period from 1 January to 30 September 2026.
For comparative purposes, the financial statements present a comparison with the data of the consolidated financial statements as at 31 December 2025 for the statement of financial position, and with the data of the consolidated statement of profit or loss and other comprehensive income and the consolidated statement of cash flows as at 30 September 2025.
With reference to the statement of financial position, the presentation format adopted distinguishes between current and non-current assets and liabilities, as provided by paragraphs 60 et seq. of IAS 1.
The presentation of the consolidated income statement follows a classification of costs by nature.
The consolidated statement of cash flows has been prepared using the indirect method and is presented in accordance with IAS 7, classifying cash flows among operating, investing, and financing activities.

BASIS OF MEASUREMENT

The Periodic Financial Information as at 30 September 2026 was prepared using the historical cost method, with the exception of derivative financial instruments, which were recognised at Fair Value as required by 'IFRS 9 –Financial instruments' and investments accounted for using the equity method. With regard to the going concern assumption, the Directors have assessed that there are no significant uncertainties (as defined in paragraph 25 of IAS 1) and have prepared these financial statements on the basis of this assumption.

FUNCTIONAL AND PRESENTATION CURRENCY

This Periodic Financial Information as at 30 September 2026 is presented in Euro, the functional currency of the Parent Company. Unless otherwise indicated, all amounts expressed in Euro have been rounded to the nearest thousand.

USE OF JUDGEMENTS AND ESTIMATES

The preparation of the Periodic Financial Information as at 30 September 2026 in accordance with IAS/IFRS requires the Directors to apply accounting principles and methodologies that, in certain circumstances, are based on complex and subjective judgments and estimates derived from historical experience and assumptions that are considered reasonable and realistic under the circumstances.
The application of these estimates and assumptions affects the amounts reported in the financial statements, such as the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of cash flows, as well as the disclosures provided.
Taking into account the current geopolitical and macroeconomic context, these judgements and estimates have been reviewed in light of the information currently available and, as at the date of preparation of this periodic financial information, there have been no significant changes compared to those already considered in the 2025 Annual Financial Report and in the Half-Yearly Financial Report as at 30 June 2026, to which reference should be made for a description of the main areas requiring the use of judgements and estimates.

CONSOLIDATION CRITERIA

The Periodic Financial Information as at 30 September 2026 includes, through the application of the full consolidation method (the so-called "line-by-line" method), the interim financial statements of the Parent Company and its specifically prepared Italian and foreign subsidiaries.
Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has at the same time, the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which the parent company begins to exercise control until the date on which such control ceases.
The consolidation criteria adopted in the preparation of this Periodic Financial Information as at 30 September 2026 are the same as those adopted and reported in the consolidated financial statements as at 31 December 2025.

SUMMARY OF ACCOUNTING STANDARDS APPLIED

In the preparation of this Periodic Financial Information as at 30 September 2026, the same accounting principles and preparation criteria were applied as those used in the preparation of the consolidated financial statements as at 31 December 2025, to which reference is made.

IMPAIRMENT TESTING

At the date of this Periodic Financial Information, the Group assessed, based on information from external and internal sources, the possible presence of indicators of impairment of assets, also taking into account the current geopolitical and macroeconomic context.
In this context, account was taken, among other elements, of the economic-financial results achieved as at 30 September 2026, consistent and in line with the assumptions used in the three-year projections prepared solely for the purposes of the impairment test as at 31 December 2025, as well as the absence of external events likely to significantly impact the reference markets.
Therefore, no indicators of impairment emerged that would require conducting an impairment test as at 30 September 2026 on the value of goodwill, trademarks, and other tangible and intangible assets allocated to the identified Cash Generating Unit.

INFORMATION ON RISKS AND FINANCIAL INSTRUMENTS

Information on risks and financial instruments is provided in the section "Risks and uncertainties to which the Group is exposed" of the Report on Operations.

COMPOSITION OF THE GROUP

SUBSIDIARIES

The Periodic Financial Information as at 30 September 2026 was prepared on the basis of the accounting records of the Parent Company and its subsidiaries, appropriately adjusted to conform to IFRS.
Subsidiaries are entities controlled by the Group—that is, entities over which the Group has control, meaning the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which the parent company begins to exercise control until the date on which such control ceases.
This information includes Sanlorenzo S.p.A. (Parent Company), twelve companies directly controlled by Sanlorenzo S.p.A. and seventeen indirectly controlled companies. Compared to the situation at 31 December 2025, the only differences relate to the merger of PN Sviluppo S.r.l. into Bluegame S.r.l., the acquisition of an additional stake in Polo Nautico Viareggio S.r.l., the change in the stake in Simpson Marine Limited and the dissolution of Simpson Marine (Sanya) Co. Ltd.
The following table provides information, as at 30 September 2026, concerning the name, registered office, currency, share capital and percentage of ownership held directly and indirectly by the Parent Company.

Company name	Registered office	Currency	Share capital	Percentage of ownership
